BRIEF MENTION.

Several of our citizens enjoyed sleigh riding on Tuesday morning. Dime Reading to-morrow night at the

residence of Rev. W. H. Strickland.

Candidates are feeling around and will soon have stakes set preparatory to a grand war for office.

The Savannah Valley Minstrel Club will give a performance in Masonic Hall on Wednesday evening next. Dr. D. H. Kannady, who had a drug store

in Williamston last summer, died at Cokesbury on the 25th January. Capt. N. R. Reeves, of Garvin township

an aged and highly respected citizen, died on Tuesday morning, 27th ult. Williamston promises to be, at no distant

day, a town of no little importance, if not a city.—Temperance Standard. That's good The Clerk of the Town Council is now

prepared to collect taxes. Pay up before

March 1, and save the penalty of twenty per cent. The 5d Union District of the Saluda Association will convene with Salem Church on Saturday before the 5th Sunday in this

month at 10 o'clock. Mr. Henry Ewbank, a representative of the Charleston News and Courier, spent last Thursday in Anderson in soliciting sub-

scribers to that paper. Mr. J. G. Clinkscales is now one of the editors of the Temperance Standard, published at Williamston. We will naturally expect improvement.

Rev. W. H. Strickland brought to our office on Monday morning an Irish potato plant eighteen inches high that grew in the open air without any protection.

In consequence of the inclemency of the weather on Tuesday evening, the lecture of Rev. Mr. Wingo, of Pendleton, was postponed until next Tuesday evening.

Married, at the residence of the bride's father, by Rev. A. C. Stepp, January 29th, 1880, Mr. W. M. P. Hall, of Anderson, and Miss Elizabeth A. Murff, of Laurens.

Col. John R. Cochran showed us on Monday morning seven or eight hundred dollars' worth of gold in a crude state, which was taken from his mine in Oconce County near the Anderson line.

Appointments of the Y. M. C. A. for next Sunday: To conduct the afternoon meeting, Dr. R. F. Divver; Poor House Committee A. B. Towers, J. W. Daniels; Jail Commitice, A. P. Hubbard, R. R. Todd.

A larger number of farmers of adjoining counties are coming to Anderson to buy their supplies than ever before, which is an evidence that they have found out where they can secure goods on the best terms.

Court convenes on the third Monday, and Judge Thomson, of Abbeville, will preside. It will be the first term of the Anderso Court the Judge has ever held, although he has been on the Bench more than two

The great anxiety universally felt by the crops, in consequence of the ravages of the insects, was relieved on Monday evening by the fall of sleet to the depth of two or three inches, followed that night by a hard freeze.

We regret to announce the death of Mr. John B. Adger, Jr., son of Rev. John B. last from injuries received by being thrown from his carriage on the 6th ult. Mr. Adger Church. He was generous, noble and beloved by all who knew him, and the sinwith his family in this sore bereavement. His remains were carried to Charleston on Wednesday for interment.

Capt. W. J. Kirk, Chief Engineer of the Atlantic and French Broad Railroad, was in town on Monday, and while here paid us a visit. We were glad to learn from him that work on this Road is to commence at once. They have made a lease of fifty convicts from the State, have erected their stockade at Easley, and will commence the work of grading the Road the latter part of next week. They will commence at Easley and work to Pickens C. H. He also informed us that a public meeting of the citizens of Transylvania County, N. C., was appointed for yesterday at Brevard, for the purpose of perfecting arrangements for the commencement of the work in that section. They have had the promise of three or four hundred convicts from the State of North Carolina as soon as they are ready for them. besides subscriptions of money, provisions and land from private citizens sufficient to

maintain the convicts until the work is Jan 29, 1880

completed. The North Carolina people are working for this enterprise with great zeal and determination, and hope at no distant day to have their beautiful country opened up to railroad communication with the rest of the world. The Captain is very hopeful of the prospects of carrying the election for the railroad in the three townships of this County that vote on the question on the 28th instant. We certainly wish the enterprise success, and it does seem that that is what its friends are working for.

Onion Culture. It is the universal custom in the South to grow onions from the set or immatur onion of the previous year's growth. As this season the price of sets will be very citizens of this section about the small grain high, we would direct the attention of our gardeners to the fact that by proper culture large onions can be raised from the seed the first season. This is true of all the varieties, but an Italian variety, called the New White Queen, is said to give better results than any other, producing by July 1st bulbs two inches through, and of very fine Adger, D. D., which occurred at his resi- flavor. To produce a crop of onions from dence near Pendleton on Tuesday morning the seed the first season, it is necessary to sow the seed in clean and very rich soil; otherwise you will not be paid for your was about 29 years of age, and was a devoted trouble. Use well rotted stable manure, and exemplary member of the Presbyterian and be sure to get in the seed as early as possible in the Spring, no matter if it is ever so cold and unpleasant; for if onions dry weather, the crop is sure to be failure. Thin them out early, and keep the soil mellow and clear of weeds, and if your seed is good you will have a large crop. Sow in When the onions are three or four inches ble, either in thinning or hoeing, and never hoe earth towards them to cover them. The pay some of our enterprising farmers to try the experiment of raising for market. The American varieties are much inferior to the European in sweetness and mildness rieties come from Italy. The New White Queen we have already mentioned. The Giant Rocca, of Naples, is the finest of ing four pounds. We keep the seeds of

> other fine variety of onion is the English Potato onion. This produces bulbs in clusters under the ground, and is a very early variety. It is much esteemed where it is known. We offer two dollars and a onions from our seeds or sets, samples re-

**COLUMN OF THE** N. Y. C. S.

WE desire to inform the public gen erally of our prospectus for this year. While we are thankful to all for their liberal share of patronage bestowed upon us during the last few years, we feel satisfied that we have fully merited our great success Mr. H. C. Palmer, an excellent young It was due to no especial good fortune, but the result of a combination of causesprincipally of which is, our strict cash system. We have to sustain no losses, run no risks, but receive the cash for every article sold. As our expenses are small, compared with the amount of business we transact, a small margin will suffice, and we firmly believe in the maxim, "make slow haste to be rich.

While at all times we offer great bargains to our many customers, we shall adopt for this year the metropolitan idea of having "Special Sales in certain Departments." We have no doubt that it will be successful, for the ladies will soon find out that if we have a "Special Sale" in Embroideries, for nstance, for one week, the low prices for the time being are "Special," and much below regular value. It thus creates a mutual interest, for while we are selling those goods at "Special Prices," we will sell twice as many of them; and by buying twice as much as we used to, we certainly will buy cheaper. Ou agural sale will last thirty days, beginning rebruary 1st, and in order to introduce this system will be exceptionally grand, our whole stock of Winter Goods are to be offered-in spite of the recent advances-at lower prices than ever, and we hope our many friends will con and look, if nothing more.

For the coming season, besides an IM-MENSE STOCK OF DRY GOODS, we hall have a line of Ladies', Misses' and Childrens' SHOES that is unsurpassed in this State, the orders for which we have given already, as each pair is made to our order and warranted.

We shall also have a complete line of amples of Cloths and Cassimeres-up to the very finest-and make to order all kinds of garments for gentlemen in the very latest styles.

Our stock of Millinery Goods shall be omplete, thus supplying a long needed want-an effort that we know the ladies will appreciate. Everything that is desirable and new, we intend to show it, and our stock shall be first-class in every particular, and our prices always the very lowest.

STOVES,

STOVES.

HAVE a very large lot of excellent Stoves, different sizes, on hand, and two car loads more coming, all of which will be sold as cheap as you could wish. In fact, I am headquarters for Stoves, and if you wish to purchase call in and get my prices before you buy.

TIN ROOFING.—I have put on over 150,000 square feet of Tin Roofing this Summer, and for the efficiency of the work I refer to those for whom it was done, among them the Presbyterian Building Committee, Mr. Stephen McCully and A. H. Osborne. Continues to receive the praise of every one who uses it. The following certificates are only two of a large number received, all of which attest its superior advantages:

To Whom IT MAY CONCERN—I fully endorse the Steam Cooker, and would not be without it for four times its cost.
